Dear Joan,

We've had a lot of fun this year doing things together & going places. We always managed to have fun no matter where we went or with whom we were with. We had our disagreements but they're bound to be overlooked & forgotten. I guess true friendship always finds a way. You're a swell person Joan, you'd be willing to do anything for a person to help them out, and that counts a lot. Maybe some people don't realize what a swell girl you are, but they will some day. Always stay as sweet and kind as you are, Joan. You've always Cont.-

Dear Joan,

Well another bowling year is over and we're still friends. We have another year ahead of us yet and I hope our bowling gives you a little more competition than it did before. Maybe our team will win the championship again like we did our sophomore year. All kidding aside, it's been swell knowing you. You're a swell kid and I hope our friendship lasts forever.

FORWARD

The aim of the editor and her staff in presenting this volume of the Woodward Saga is to give as nearly as possible a synopsis of the activities of the year, and to leave to the years that are to come, a bright and lasting memory of the happy days spent at Woodward High School. If this end is attained we shall feel that our efforts have not been expended in vain.

The Saga Staff of 1952 sincerely dedicates this volume of the *Saga* to Mr. and Mrs. Crouse, teachers of wood shop and mathematics respectively. They have served many long years at Woodward High School. Before coming to Woodward High School, they also taught in other schools. For a while Mr. Crouse was our dean of freshmen boys. To have started hundreds of Woodward pupils, as freshmen, on the right path in their high school life, is an achievement upon which Mr. Crouse may look with pride. Both of these teachers are keenly interested in the affairs of the school. What better way is there to make public acknowledgment of their worth than to dedicate this volume of the Woodward *Saga* to Mr. and Mrs. Crouse?

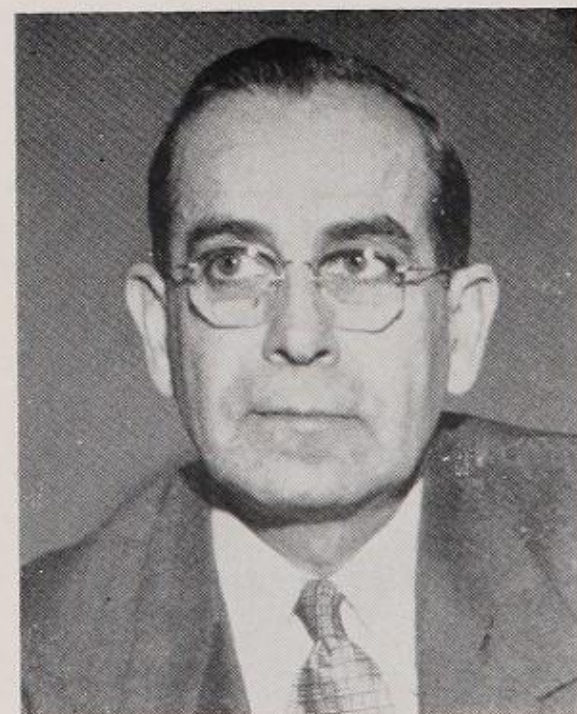

BOARD OF EDUCATION

The Messrs. Raymond Baldwin, Grant Murray, Wayne Shawaker, Thomas Bretherton, and Edward Ames, as members of the Board of Education, have worked untiringly to keep the schools up to a standard of high achievement. Believing earnestly in modern scientific methods of education, they have endeavored to make the Toledo Public Schools practical representatives of these ideals.

While the Board, as a whole, gives impartial service and direction to all the schools of the city, each of its members has a personal interest in each school and feels responsible for its welfare. The schools in return appreciate the Board's friendly guidance and are proud to claim it as the head of Toledo Public School System.

DR. E. L. BOWSHER
Superintendent of Schools

We at Woodward High School are proud that Mr. Bowsher has written the following about Woodward.

"Woodward is one of the very fine high schools of Toledo. It is recognized as one of the outstanding schools of the state and country. Her record over the years is one of achievement in many fields of education.

"Many graduates of Woodward High School are leaders in vocational and professional fields in Toledo and elsewhere throughout the country.

"It is our hope that Woodward tradition will ever be kept alive, and that her future will provide added educational incentives for her students."

FACULTY

As we turn toward various fields of new endeavor, we pause gratefully to think of the teachers at Woodward High School. Through their untiring interest in us and our activities, their sympathetic understanding, and their helpful suggestions, they have taught us to be what we are. They have made an impression on us which time itself cannot erase.

The secret of successful education is the co-operation between the teachers and the students. A teacher is not a hired servant, but one who works in our behalf, and one whom we honor and respect.

And teachers, as a parting word, we, the seniors, want to thank you for the great help you have been to us, and for the many things you have done for us which brought happiness into these four years of school life.

We take leave of you with appreciation for your companionship; and through the years, we shall count our association with you as one of the privileges of our high school days.

To the Class of 1952—Congratulations and Best Wishes

As you leave Woodward High School to continue your formal education, to engage in business and industry, to enter the armed services, or to follow any other pursuit, we at Woodward stand ready to serve you. Call upon us any time.

It is my earnest wish that all of you adhere to the fundamental principles of character so that you may always be a credit to yourself and Woodward High School.

Sincerely yours,
Frank A. Duvendack

His advice is good.
Take it. You should.

Miss Miller
Dean of Girls

She is one to advise
And her advice is wise.

Woodward High School has had many young men in the past years who have been a credit to their families and to their school. I am sure that this year's senior class is no exception to this record of other classes. The seniors of this year are to be congratulated for publishing a new style *SAGA*, which I am sure will meet with the approval of the students and faculty.

Sincerely
C. M. Meek
Dean of Boys

Four years we have shared hours together. I marvel that so many are so fine! As graduates you are outstanding in your community. Twelve years of schooling requires a certain amount of ambition, perseverance, and ruggedness. Not only have you been allowed much individual freedom but also we hope you have learned high standards of responsibility to God and Man.

Sincerely,
Amie Miller

SAGA STAFF

Maytime and the Senior prom, and the banquet, and the Woodward *Saga*! How eagerly that record of the year's doings is anticipated and how keenly is it enjoyed.

To produce such an annual as Woodward publishes is not the work of a moment. Early in the fall, preparations are going forward which are not completed until months later.

Annuals represent the combined efforts of the staff workers, who have given of their time and talent, that the year book may picture truly the life and activities of the school.

It is hard to find words enough to thank Mrs. McManamon and "Pop" Sheline for their undying patience and wonderful understanding in guiding a group of young, unexperienced teenagers in producing the *Saga*. Special thanks are also due to Mr. Stobinski, Don Ellison and all the print shop boys for printing the pages of the *Saga*.

The result of this co-operation is the 1952 *Saga*, which the staff offers eagerly, expectantly, to the students of Woodward High School.

SENIORS

During four years we have struggled together, finding the path of knowledge easy at times, but at others beset with obstacles. These years have been filled with joy, sorrow, defeat, and victory. Surely, we have broadened during these years. We have learned to concentrate, to respect the feelings of others, and above all we have learned to co-operate. Through the co-operation of the faculty, the class, and the entire student body, great things have been accomplished.

We owe much to our principal, Mr. Duvendack, who has been our true friend; and those of us who know him will vouch for his deep interest in us as Seniors and in our class affairs.

Up to this point our lives have followed a parallel, but we have reached the fork in the road. Some will continue in their pursuit of knowledge, others will become involved in practical affairs. But essentially our future careers differ slightly. Our hopes, our desires, and our ideals are those that have been acquired in Woodward High School. These will become more valuable than mere literary knowledge in the years to come.

Graduation opens to us the gateway of the world, where advantages and opportunities will be ours. Let us endeavor to order our lives, so as to bring honor and glory to Woodward High School whose halls we are about to leave.

CLUBS

Every club—whether political, social, religious, fraternal, business, or educational—has an aim, a definite purpose, which cannot be accomplished without the co-operation of the individual members.

One of the most important aims of every organization is the development of the feeling of personal responsibility. The importance of being accountable to oneself, and, in a measure, to other people, should fix in the minds of students the value of conduct. The students are expected to serve willingly on committees, and to take part in programs. The largest service that organizations render is developing that very necessary thing in school life—school spirit. It can be developed and can flourish through other means, but organizations make the process more natural and more easy. When these things are considered, organized groups in the school are an asset to its life.

WOODWARD'S TOP SALESPEOPLE

With the price of magazines up a little and students' efforts up a lot Woodward is hitting a new high in subscription sales. The group pictured above was especially active and accounted for more than one-third of our total sales in 1951.

The three top boys, Jack Renz, Andrew Banachowski and Tom Kolpfenstein, in order, had a total sale of \$360.00.

The top three in the girls' group, consisting of Shirley Haddad, Helen Schlorb and Frances Kreft, in order, sold \$456.00.

Other high salesmen were Joan Kraemer, Lois Domby, Lois Greenler, Sally Bense, Shirley Webber, Patricia Winchinski, Nancy Rose, Jim Zaenger, Carl Schlorb, Louise Ruch, Pat Siedel, Mary Lou Caldwell, Tom Zraik, David Stanford, Manely Johnson, Betty Parker, Melva Moore, and Allan Studer. Each of this group sold subscriptions amounting to \$50.00 or more. All named above totaled nearly \$2,000. Others not named sold \$30.00 worth of subscriptions or more.

Woodward United Nations Association, better known as W.U.N.A., was organized during U.N. Week in October. The purpose of this club is to arouse greater interest in the work of the United Nations and to help promote international understanding. This club presented a U.N. flag to the school and sponsored several assemblies. W.U.N.A. became a charter member of the newly organized U.N. High School Council and participated in the model U.N. Assembly held at Toledo University in April.

SPORTS

Sports play a very important role in the life of the average student of Woodward High School. In the fall the chief interest is football. Even though Woodward High School does not have a stadium, she does have a large percentage of the student body representing her at every game. This year our team saw one defeat after another. Nevertheless, the team went out onto the field each night with their chins up. We also had a track and a cross-country team. Following football came basketball and bowling. Soon baseball, tennis and golf will be starting.

Sports offer the students a form of relaxation. By participating in sports students lead a much healthier and wholesome life. From sports we are taught a feeling of good sportsmanship, a trait necessary for good living.

Tattlers for 1951-52 were diligently edited by a staff consisting of twelve seniors. Editor in chief, Pat Bosak (under the careful supervision of Mrs. Marie Ersig, of course), and managing editor, Eleanor Voss shared the editorial page. Barbara Maxson, news editor, kept the many junior reporters busy. Tom Hennessey and Barbara Rensch, boys' and girls' sports editors respectively, reigned over the sports page. Keeping you laughing were co-feature editors, Shirley and Shyrllee Boden and Jameel Farah. A terrific gossip column and a senior class column were capably taken care of by Betty Shibley and Roxine Fleming. Margie Marsh had the job of interviewing famous W.H.S. personalities. "The Roving Nose" kept Jo-Allyn Walczak busy while info about other schools was gathered by Adrienne Deak.

MOM ERSIG

As an advisor she surpasses the greatest; as a friend she befriends all. That is how both the Tattler and the *Saga* staffs feel about our Tattler advisor, Mrs. Marie D. Ersig, affectionately known to the Tattlerites as "Mom" Ersig. For 21 years the many staffs have worked with her to produce a better newspaper for Woodward High School. When I say "work *with* her" that is exactly what I mean.

When our work was not up to her specifications, she never scolded or criticized. She told us about it quietly and frankly and helped us to do better. One of her achievements at Woodward High School was to be the first woman ever to hold a position on the athletic board. Each year since 1929, "Mom" has had a leading hand in the Tattler Achievement Cup award. She, along with her many staffs, has made Recognition Day the successful event it should be.

POP SHELINE

It seems most fitting to complete Woodward High School's *Saga* of 1952 with a page dedicated to our adviser, Raymond Sheline. He has served not only as our adviser, but also as a teacher and a truly great friend as well.

Most of you do not realize the magnitude of his task, but I assure you that the *Saga* Staff is not unaware of the spirit he brings to it, nor of his desire to assist every member on the staff. His discerning judgment, his wholesome sense of humor, and his unfailing optimism are essential factors in the production of the *Saga*.

Even though "Pop" Sheline is always standing by ready to help, he succeeds in making the staff realize that each member has a certain responsibility to fulfill. It is the staff's fault and not Mr. Sheline's if the work is not finished in time.

Not only has "Pop" been outstanding as a teacher and as an adviser, but also he had the honor, privilege, and enjoyment of rearing four handsome sons.

In conclusion, I should like to say: Here's to you, our guide through that uncharted land called youth! By example and by precept you have taught us to meet with courage and goodwill the obstacles that confront us; to do our work with zest and thoroughness; and, because we have known you, we shall be grateful to you during the years of that experience called life. Our friend, our counselor, our leader, our guide—here's to you, "Pop" Sheline.
